MEDICINE BOW

The Medicine Bow River rises deep in Wyoming's Snowy Range to flow 167 miles on its way to the Medicine Bow Mountains. Native tribes traveled to the area to harvest mountain mahogany for especially fine bows. Stands of wood alternate with bands of arrows, meeting in the center to show the Medicine Bow River crossing, an important link between East and West. Unnapped, felt binding.

OPAL SPRINGS

Near the tiny town of Culver, early travelers to Oregon found a natural spring with jewel-like stones. They named this place Opal Springs. This pattern uses a quilt-like arrangement of shapes to show the movement and beauty of those stones—naturally polished agates—churning in fresh spring water. Unnapped, whipstitch binding.

WILD BLOOMS

Wildflowers are vivid symbols of summer in America's Appalachian Plateau. This bio-diverse region blooms with an array of beautiful flowers from March to October. In this pattern, stylized Asters, Harebells, Gentians, Trilliums, and more, are interpreted by the loom, where their beauty can blossom all year round.
