MISSION TRAILS - ACCESSORY TRADITIONS

With pristine lakes and 65 miles of trails, California's Mission Trails Park offers nature's respite from nearby San Diego. Elongated diamond shapes echo the low mountains and deep canyons of the park's 7,200 acres. These shapes are interspersed with a mirrored motif of five peaks to represent the Mission Trails Five Peak Challenge, a climbing event that attracted 15K hikers to the park's mountains: Cowles Mountain, Pyles Peak, Kwaay Paay, South Fortuna, and North Fortuna.

100% Virgin Wool imported of Pendleton USA fabric, leather trim, antique brass hardware, spot clean, random horizontal pattern placement, available 4/25/22

SUMMIT PEAK - ACCESSORY TRADITIONS

Along the Continental Divide in Colorado rises Summit Peak, the monarch of the San Juan Range. Bands of bright yellow represent the golden waters of the Alamosa River flowing east from the mountain's north slope, where the headwaters of the Rio Grande begin their long journey to the Gulf of Mexico. The blue waters of the Conejos River alternate with rows of wildflowers that cover the south slopes of Summit Peak each summer.

TECOPA HILLS

The Tecopa Hills are an arid, rolling mountain range in the Mojave Desert. Gentle, sinuous lines symbolize the river's path moving deep under the striated rock layers of the hills. These striations, eroded by sun, wind, and time, tell stories of ancient volcanic eruptions in layers of ash falls from as far away as the Yellowstone Caldera.

LOS LUNAS CANOPY CANVAS COLLECTION

Colorful bands of multi-directional arrows symbolize the routes of Indigenous people who made petroglyphs—carvings on rock walls—to record their specific cultures and journeys through the area now known as Los Lunas. This small New Mexico town is neighbor to Laguna Pueblo, the Rio Grande Valley, and Hidden Mountain. The area's abundant petroglyphs include figures seen nowhere else in the Americas. The carvings on Pueblo land are protected and treasured as centuries-old messages from the past.

For poolside, travel, and all-weather adventures, Canopy Canvas has you covered.

SMITH ROCK EXPLORER COLLECTION

The towering face of Smith Rock overlooks a bend in Oregon's Crooked River, challenging climbers from around the world to scale its heights. Considered by many to be the birthplace of American sport climbing, Smith Rock State Park offers several thousand climbs, many of them bolted, in its 650 acres of high peaks, deep river canyons, and hiking trails like Misery Ridge. This pattern, based on a traditional nine-element blanket, alternates the park peaks with the many paths traveled by hikers and climbers.
